maggie.leung@warwickgrad.net

Self-introduction

Maggie Leung has a background in Cultural Studies and Performance Studies. She has researched the space, politics and aesthetics of Hong Kong culture and history. Her research is significantly informed by learning from critical cultural theories and, more recently, embodied way of knowing. From these three dimensions, she is going to connect the sociology of religion, sociology of everyday life and sociology of space to better understand the future of religions in the trend of modernization.
